Just letting you know that Tom B. approved of the summary of comments on the OPP draft glyphosate risk assessment that I pulled together and the table of conclusions that Vince drafted. Norm and others in ORD participated. Tom sent them to Jim Jones.
Just keeping you all in the loop.

Subject: ORD Comments on Glyphosate

Hi Kacee,

See attached for 3 documents from ORD related to the draft human health assessment for glyphosate. The documents are:

1. Summary of ORD's main comments and recommendations.
2. Summary of cancer descriptors from EPA's Cancer Guidelines.
3. Table that lays out the findings of IARC, the European Food Safety Authority (EFSA) and OPP, with ORD comments.

We would like to provide these 3 documents to OPP as soon as possible. Please take a look at the attachments and let me know if you have questions or changes. Once it is final, we need to decide if this package should come directly from Tom to Jim Jones, or if we in OSP can send over to OPP.

Call if you want to discuss. Thanks.

Jackie
